Kolkata, India

OBJECTIVE

Driven Electronics and Communication Engineering student passionate about innovation, emerging technologies, and continuous learning. Eager to build industry-ready skills and contribute to impactful engineering solutions through creativity, collaboration, and technical excellence.

EDUCATION

Gargi Memorial Institute of Technology, MAKAUT 2025 – 2029

B.Tech in Electronics and Communication Engineering

Techno India Group Academia

2025

Higher Secondary (Class XII), WBCHSE • Marks: 73%

Techno India Group Public School

2023

Secondary (Class X), CBSE • Marks: 86%

PROJECTS

Personal Portfolio Website

HTML5/CSS3/RESPONSIVE DESIGN

Designed and deployed a responsive personal architecture to elegantly catalog technical skills and future engineering endeavors.

Hangnam game

Python

Developed a console-based Hangman game in Python featuring random word selection, user input validation, score tracking, and game logic using functions and loops.

Restaurant Website

HTML5/CSS3/JAVASCRIPT

Designed and developed a responsive restaurant website featuring interactive menus, booking options, and modern frontend design.

To-do list web application

HTML5/CSS3/JAVASCRIPT

Built a dynamic task-management web application allowing users to efficiently add, organize, track, and complete daily tasks.

CERTIFICATIONS

- **Python, HTML & CSS**— Issued by Unstop
- **Science quiz competition (winner)** — GMIT , Aug 2025
- **Build a Free Website with WordPress** — Coursera

EXPERTISE

CORE DEV

C Programming, Python, HTML, CSS, JavaScript

TOOLS

Git, GitHub, , WordPress, MySQL

ENVIRONMENTS

Microsoft Office, Google Workspace, Operating System

CONCEPTS

Basic Computer Networking,
Database Management Systems,
Data Structure and Algorithms

LEADERSHIP

- Team Leader
- Class Representative

ACTIVITIES

- Conducted Higher Education Market Survey & Research at IIDR
- Active Hackathon Participant
- Winner of Quiz Competitions
- Club membership

COMPETENCIES

Communication, Teamwork, Problem Solving, Time Management, Adaptability

LANGUAGES

English, Hindi, Bengali

INTERESTS

Electronics, Programming, Hackathons, IoT, Gaming
